

What is Mental Toughness?

Mental Toughness describes the mind-set that every person adopts in everything they do. It is closely related to qualities such as character, resilience and grit. It is defined as:

"A personality trait which determines, in large part, how people respond to challenge, stress and pressure, irrespective of their circumstances".

Published research and case studies from around the world show that Mental Toughness is a major factor in:

- Performance – explaining up to 25% of the variation in performance in individuals
- Positive Behaviour – more engaged, more positive and a "can do" attitude
- Wellbeing – more contentment, better stress management
- Aspirations – more ambitious, prepared to manage more risk

Mental Toughness is important in almost all work applications. For instance, studies show a close link between mental toughness and leadership level.

MTQ Plus

Using the MTQ PLUS we can assess Mental Toughness through a unique 60 item psychometric measure using the four key traits of Mental Toughness, known as the 4 C's.

Features of The MTQ Plus

- Reliable and Valid
- Efficient - taking approximately 10 minutes to complete online. Data is processed to provide normed results almost immediately and can be emailed same day
- Cost Effective – \$140 per development report for each individual

MTQ Plus Reports You Receive

1. DEVELOPMENT REPORT
Provides feedback on results to the individual and contains suggestions for their own development.

2. COACHING REPORT
Provides the manager/coach with narrative about the persons mental toughness and offers coaching suggestions to help them to guide more effectively.

3. ASSESSMENT REPORT
Provides the manager/coach with information that can be utilised to assess mental toughness as a pre-employment tool and provides questions that can be asked at interview.

The 4 Cs

Control
You believe you can make things happen.
You believe you can control your own emotions and those of others.

Commitment
You set goals and have stickability to those goals.
You do what it takes to keep your promises to self and others and hit your goals.

Challenge
You push yourself and have a drive to succeed.
You see setbacks as opportunities for learning.

Confidence
You believe you have the ability to do it or can acquire the ability.
You believe you have the ability to influence others.

From Surviving to Thriving

Bakjac Consulting assists individuals, teams and organisations to move from surviving to thriving.

Take a Day Workshop

Building Resilience and Mental Toughness To Unleash Your Potential

Full day | For Staff and/or Leaders

Resilience and Mental Toughness are becoming much sought after attributes in leaders, individuals, organisations, schools, colleges and universities. Building and developing mental toughness and resilience is especially important to those experiencing significant change or stress, or those wishing to improve performance or wellbeing.

This dynamic, energetic, engaging workshop challenges participants to unleash their full potential to reach peak performance in their personal and professional life. The sessions explore the term Mental Toughness, the 4 C's framework together with practical exercises that develop and introduce strategies and techniques to building resilience. The session brings the Mental Toughness 4Cs Framework to life through group activities so be ready to participate in some challenges.

Workshop Outcomes:

Participants will gain an understanding of the Mental Toughness 4Cs Framework as well as the history, origins and applications of mental toughness. Participants will be equipped with models and strategies to increase resilience and mental toughness to better deal with setbacks and stressors, and stay on track in achieving career and life success through:

- An understanding that a positive mindset is key to achieving peak performance and success

- The ability to bounce back and see challenges as opportunities
- Increased interpersonal confidence and confidence in own abilities

Workshops Include:

- MTQ-Plus assessment
- Test results with development report on how to become mentally tougher
- Comprehensive workbook and course materials
- Practical activities and strategies to continue building mental toughness
- Personal action plan

Workshop Outline:

- Objectives – to set each participant's specific objectives
- Introduction to Mental Toughness
- Understanding The 4C's Framework – Control, Commitment, Challenge and Confidence
- Understanding Your Current Personal Mental Toughness Profile
- Practical Mental Toughness Development Activities
- Building Mental Toughness – practical skills, tools, techniques and strategies
- Mental Toughness to manage change and challenges
- Building personal and interpersonal confidence.
